

110mm Black Soil Adjustable Elbow

Description:

Extremely light with its push-fit socket with hydraulic seal it represents the most simple solution for the construction of waste drainage systems.

Features:

- High impact resistance.
- Simple & fast to install.
- Adjustable between 0 - 90°
- High chemical resistance.
- Low co-efficient of expansion.
- No special tools required.

Technical Details:

Fitting Material:	PVC-U
Surface Finish:	Matt Black
Pipe Diameter:	110mm (4")
Rubber Seal:	EPDM
Adjustment Indicators:	0°, 30°, 60° & 90°
Overall Length:	260mm
Maximum Temperature:	70°C
Minimum Temperature:	4°C
Conforms to:	BS EN 1329-1
